Project Concept

1 Player Control

You control a: Character

in this: 3D Platformer game

where: ZQSD and Space keys

makes the player: Move around the map

2 Basic Gameplay

During the game, Enemies appear

from: Places around the map

and the goal of the game is to: Collect all the objects while fighting enemies which can kill you

3 Sound & Effects

There will be sound effects: Weapon sounds, enemy sounds, walking and jumping sounds

and particle effects: Walking on different materials makes particles, Player and NPCs getting hit

[*optional*] There will also be: Background music

4 Gameplay Mechanics

As the game progresses, The enemies become stronger

making it: Harder to collect the last objects

[*optional*] There will also be: A final boss to collect the final object

5 User Interface

The: Number of collected objects

will: Increase

whenever: you pick up an object

At the start of the game, the title: A basic 3D Platformer will appear

and the game will end when: All the objects are collected or you die

6 Other Features

Every time you kill a chosen enemy, you'll gain access to new controls, like a dash, a roll, or a pary, so you can defeat the boss

Project Timeline

Milestone	Description	Due
#1	Setting up camera and basic primitives	30/04
